WEB SITE UPDATE

Gentlemen:

The web site has been updated to include the following information:

1. A story of deeds and with particular interest to those who support our troops. The ***Military Warriors Support Foundation*** is an awesome organization whose aim is to have an immediate impact on warriors recovering from the slings and arrows of misfortune. The group based in Texas has partnered with several major corporations and is helping many veteran with major disabilities return to a gainful society. One of their programs is providing deserving wounded warriors with homes. Here, in San Diego, CA, we have tried to spread the word to the warrior community as widely as possible about the program. To date, at least two (2) chapter members have benefitted as recipients of “mortgage-free” homes as a direct consequences of our web site and email notices. Here is another example of well-placed communications that benefit our chapter members. For the story, please see the third story in the left-hand column:

http://www.sandiegopurpleheart.com/veteran_unique_offers_information

2. The second story is entitled: “***Home Depot To Sponsor Special Projects on Military Members’ Personal Homes***.” For a very short period of time, Home Depot, and its partners, will provide materials and labor to work on military members personal homes. There is criteria that must be met and that information is contained on a web site. Read the story and consult the web site, then disseminate this as widely as possible. For the story please see the second story in the right-hand column: http://www.sandiegopurpleheart.com/veterans_focus_issues

3. The third story is an update that was release about 3 weeks ago. The story is entitled: “***Retroactive Traumatic Injury Benefit No Longer Just for OEF/OIF Injuries***.” The story involves payments under the TGSLI insurance program. If you don’t know what TGSLI is, then this is an appropriate time

to find out. For the issue , please see the first story in the right-hand column:

http://www.sandiegopurpleheart.com/veterans_focus_issues

4. The fourth story is about an issue of fraud by a civilian organization representing itself as a fund-raising Purple Heart organization. For the issue, please see the third story in the right-hand column:

http://www.sandiegopurpleheart.com/veterans_focus_issues

5. The fifth story is also about an element of fraud and the individual. In this case, the individual is an employee of the Pentagon. For the issue, please see the fourth story in the right-hand column:

http://www.sandiegopurpleheart.com/veterans_focus_issues

6. The final story is about the second ***Annual Sunny Jones' Picnic in Balboa Park***. The Chapter held the event on Saturday, September 17, 2011. It was a gala event enjoyed by all. For the enjoyment, please see the second story in the left-hand column:

<http://www.sandiegopurpleheart.com/inspirations> However, before you view the story make sure click on the #1 story for approximate 4 minutes.

7. Don't forget the September **Bingo Session** at the **Veterans Administration Medical Center (VAMC)**, La Jolla scheduled for Thursday evening, September 29, 2011.

Respectfully,

Ulysses Miller, Jr.

Adjutant/Webmaster, MOPH Chapter 0049
