

CHAPTER 0049 San Diego California receives the MOPH National “Distinguished Service Award.”

CA, State Commander Jon Williams presented the award which was passed down from the National Chairman of the Public Relations Committee for “outstanding communications.”

EMAIL: Posted February 28, 2011

Gentlemen:

At the recent MOPH Mid-Term Convention in Bakersfield, CA, State Commander Jon Williams presented to Chapter 0049 the prestigious “***Distinguished Service Award***.” The award was passed down from the National Chairman of the Public Relations Committee for “outstanding communications.”

In part the award reads: “[Your] Chapter, through its publication, serves as an outstanding example for others to follow and your Chapter Commander and Editor of your publication are particularly commended for outstanding service to your members and the Order.”

Nick McIntosh, Chairman – Public Relations Committee.

As we all know, no one person is responsible for the Chapter’s effort. And we owe a great deal of gratitude and recognition to Patriot Laughlin Todd, who has served as Editor/Delivery Agent and all-around go-getter. Laughlin (Toby) makes deadlines like few editors that I know. Equally, we are indebted to those who write articles and columns for the chapter. **Congrats to all!!**

You find a copy of the award at: http://sandiegopurpleheart.com/chapter_0049_-_electronic_bulletins_2011/admin

You will find an update of the Inspiration Column. <http://sandiegopurpleheart.com/inspirations/admin>

The story is on an Air Force C-17 making air drops of heavy equipment and Army paratroopers.

Thanks to former *Air Force Special Operations (Combat Control Teams member)*, Walter Willis, for the data.

See you guys in “**Lost Wages**” at the end of the month.

Respectfully,

Ulysses Miller, Jr.
Commander, Chapter 0049 (“The Sunny Jones Chapter”)
Founded: 13 June 1936 by WWI Purple Heart veterans
San Diego, CA
