Put you on the rack? Boil you in oil?  
Make you call a technical support line?”

## LIFE BEFORE THE COMPUTER

---

- \* Memory was something that you lost with age
- \* An application was for employment
- \* A program was a TV show
- \* A cursor used profanity
  - \* A keyboard was a piano
  - \* A web was a spider's home
  - \* A virus was the flu
  - \* A CD was a bank account
- \* A hard drive was a long trip on the road
- \* A mouse pad was where a mouse lived
- \* And if you had a 3 1/2 inch floppy  
....you just hoped nobody found out

It's going to take me a little longer  
to answer my e-mails now....

Stupid computer  
Keeps saying  
"you got mail"

"There are better ways to log off."

O.k., and now you'll do  
exactly what I'm telling you !

**Home computers are the  
perfect thing for women  
who don't feel that**

**Men provide them with  
enough frustration!!**
