

Hallmark Card Virus Coming Again

Received December 13, 2010

VIRUS COMING!

Hi All,

I checked with Norton Anti-Virus, and they are gearing up for this virus!

I checked Snopes, and it is for real. Get this E-mail message sent around to your contacts ASAP.

PLEASE FORWARD THIS WARNING AMONG FRIENDS, FAMILY AND CONTACTS!

You should be alert during the next few days.

Do not open any message with an attachment entitled '**POSTCARD FROM HALLMARK,**' regardless of who sent it to you. It is a virus which opens A POSTCARD IMAGE, which 'burns' the whole hard disc C of your computer.

This virus will be received from someone who has your e-mail address in his/her contact list. This is the reason why you need to send this e-mail to all your contacts. It is better to receive this message 25 times than to receive the virus and open it.

If you receive this e-mail, even though it appears to be sent to you by a friend, do not open it! This is the worst virus announced by CNN.

It has been classified by Microsoft as the most destructive virus ever. This virus was discovered by McAfee yesterday, and there is no repair yet for this kind of virus. This virus simply destroys the Zero Sector of the Hard Disc, where the vital information is kept.

COPY THIS E-MAIL, AND SEND IT TO YOUR FRIENDS.
REMEMBER: IF YOU SEND IT TO THEM, YOU WILL BENEFIT ALL OF US

Webmaster Scott reports that yesterday December 13, 2010 he received two e-mails which had a similar title. They, the E-mails, were not opened and were deleted directly. Keep a watchful eye and please tell everyone you know.
