Hospital Visits by Patriots of MOPH Chapter 353 and Ladies of LAMOPH Unit 353

To be accurate, any report on our visits must include BOTH combat wounded (**WIA**) and non-battle injury (**nbi**) patients. Informal visits before April 2004 are **NOT** included. Figures below include numbers since our visiting program began in April 2004 with MOPH Foundation packets. Later these were replaced with our own home made Welcome Home packets. In 2005 we expanded the Welcome Home brochures for all **nbi** patients. The numbers of packets and flyers given by month and year are as follows:
